Department of
Standards Malaysia

BACKGROUND & OBJECTIVE

“Our efforts have been to engage, educate and empower the younger generation along with businesses and entrepreneurs towards using Malaysian Standards (MS). These beneficiaries and users of MS are a testimony to the continuing success of our reach and implementation strategies, towards local and global competitiveness.”

Both public and private sectors play an important role in using standards, particularly in their purchases, manufacturing processes, contracts and provision of services. Encouraging the private sector to conform to standards, for example, will ultimately enhance the competitiveness of local industries in the market place.

Launched in 2011, Malaysian Standards User's Awards is a form of national recognition by the Department of Standards Malaysia to the companies in Malaysia that have successfully used and

applied Malaysian Standards (MS) in their businesses. The objectives of this award are to:

- a) Enhance the awareness and use of MS
- b) Encourage industries to produce quality products and services; and
- c) Encourage industries' participation in standardisation activities.
