**DIRECTOR-GENERAL**

**DEPARTMENT OF STANDARDS MALAYSIA**

**PIFM WORKSHOP ON “THE IMPLEMENTATION OF MS 832 & MS  
1017 UNDER AKTA 520”**

**30 DECEMBER 2021**

**ZOOM**

Assalammualaikum, Salam Sejahtera and a very good morning to all of you.

I am indeed honoured to be given this opportunity to welcome all of you to the workshop of the Implementation of MS 832 & MS 1017 Under Akta 520.

Allow me to congratulate the Malaysia Facade Industry Association (PIFM) for organising this workshop. I would also like to take this opportunity to express my sincere thanks to the distinguished panel of speakers.

**Ladies and Gentlemen,**

Department of Standards Malaysia is the National Standards Body and the National Accreditation Body of Malaysia that provide confidence to various stakeholders, through credible standardisation and accreditation services.

For more than 25 years, we have successfully developed more than 6,000 market-relevant Malaysian Standards and provided credible accreditation services to over 800 conformity assessment bodies.

Our aspiration is to raise awareness amongst Malaysian companies to acknowledge, accept & adopt Malaysian Standards, and achieve global competitiveness.

**Ladies and Gentlemen,**

The organisation of this workshop is the best platform to provide awareness on MS 832 - Aluminium Alloy Windows - Specification and MS 1017 - Aluminium Framed Sliding Glass Doors – Specification and its implementation under Act 520. Department of Standards Malaysia greatly appreciates the initiative taken by PIFM in organising this special workshop for its association members.

We hope that more such programmes will be held in the future to make the industry aware of the importance of producing products or providing services that comply with standards in improving the competitiveness, quality and marketability of their products and services.

In conclusion, I would like to wish all of you great success in your deliberations and hope that you will continuously contribute your expertise in the activities of standards and conformity assessment.

I warmly welcome you again.

Thank you.
