

**2025 MS CONFIRMATION LIST**

| No. | NSC    | MS Number           | MS Title                                                                                                                                                                                                                                                   | NSC approval date of confirmation |
|-----|--------|---------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|
| 1   | NSC 16 | MS ISO 21988:2007   | Abrasion-resistant cast irons - Classification (ISO 21988:2006, IDT) (Confirmed 2025)                                                                                                                                                                      | 21-February-2025                  |
| 2   | NSC 16 | MS ISO 3852:2010    | Iron ores for blast furnace and direct reduction feedstocks - Determination of bulk density (First revision) (ISO 3852:2007, IDT) (Confirmed 2025)                                                                                                         | 21-February-2025                  |
| 3   | NSC 16 | MS ISO 7900:2011    | Steel wire and wire products for fences - Zinc and zinc-alloy-coated steel barbed wire (ISO 7900:2006, IDT) (Confirmed 2025)                                                                                                                               | 21-February-2025                  |
| 4   | NSC 16 | MS ISO 11534:2011   | Iron ores - Determination of tin content - Flame atomic absorption spectrometric method (First revision) (ISO 11534:2006, IDT) (Confirmed 2025)                                                                                                            | 21-February-2025                  |
| 5   | NSC 16 | MS ISO 4691:2011    | Iron ores - Determination of Titanium content - Diantipyrilmethane spectrophotometric method (First revision) (ISO 4691:2009, IDT) (Confirmed 2025)                                                                                                        | 21-February-2025                  |
| 6   | NSC 16 | MS ISO 5001:2014    | Cold-reduced carbon steel sheet for vitreous enamelling (ISO 5001:2012, IDT) (Confirmed 2025)                                                                                                                                                              | 21-February-2025                  |
| 7   | NSC 16 | MS ISO 9513:2015    | Metallic materials - Calibration of extensometer systems used in uniaxial testing (First revision) (ISO 9513:2012, IDT) (Confirmed 2025)                                                                                                                   | 21-February-2025                  |
| 8   | NSC 16 | MS ISO 6506-4:2017  | Metallic materials - Brinell hardness test - Part 4: Table of hardness values (First revision) (ISO 6506-4:2014, IDT) (Confirmed 2025)                                                                                                                     | 21-February-2025                  |
| 9   | NSC 16 | MS ISO 16120-3:2017 | Non-alloy steel wire rod for conversion to wire - Part 3: Specific requirements for rimmed and rimmed substitute, low carbon steel wire rod (Second revision) (ISO 16120-3:2011, IDT) (Confirmed 2025)                                                     | 21-February-2025                  |
| 10  | NSC 16 | MS ISO 7500-1:2018  | Metallic materials - Calibration and verification of static uniaxial testing machines - Part 1: Tension/compression testing machines - Calibration and verification of the force-measuring system (First revision) (ISO 7500-1:2018, IDT) (Confirmed 2025) | 21-February-2025                  |
| 11  | NSC 16 | MS ISO 6929:2018    | Steel products - Vocabulary (First revision) (ISO 6929:2013, IDT) (Confirmed 2025)                                                                                                                                                                         | 21-February-2025                  |

| No. | NSC    | MS Number                                  | MS Title                                                                                                                                                                                            | NSC approval date of confirmation |
|-----|--------|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|
| 12  | NSC 19 | MS IEC 60335-2-88:2002<br>(Confirmed:2013) | Safety household and similar electrical appliances Part 2: Particular requirements for humidifiers intended for use with heating ventilation or air-conditioning systems                            | 28-February-2025                  |
| 13  | NSC 19 | MS IEC 60721-3-5:2005                      | Classification of environmental conditions - Part 3: Classification of groups of environmental parameters and their severities - Section 5: Ground vehicles installations (IEC 60721-3-5:1997, IDT) | 28-February-2025                  |
| 14  | NSC 19 | MS IEC 60068-2-30:2008<br>(Confirmed:2015) | Environmental testing - Part 2-30: Tests - Test Db: Damp heat, cyclic (12 H + 12 H Cycle) (IEC 60068-2-30:2005, IDT)                                                                                | 28-February-2025                  |
| 15  | NSC 19 | MS IEC 60068-2-66:2008<br>(Confirmed:2015) | Environmental testing - Part 2: Test methods - Test Cx: Damp heat, steady state (Unsaturated pressurized vapour) (IEC 60068-2-66:1994, IDT)                                                         | 28-February-2025                  |
| 16  | NSC 19 | MS IEC 60068-2-47:2009                     | Environmental testing - Part 2-47: Test - Mounting of specimens for vibration, impact and similar dynamic tests (IEC 60068-2-47:2005, IDT)                                                          | 28-February-2025                  |
| 17  | NSC 19 | MS 62476:2011<br>(Confirmed:2015)          | Guidance for evaluation of product with respect to substance-use restrictions in electrical and electronic products                                                                                 | 28-February-2025                  |
| 18  | NSC 19 | MS IEC 60929:2008                          | A.C. supplied electronic ballasts for tubular fluorescent lamps - Performance requirements (First revision) (IEC 60929:2006, IDT)                                                                   | 11-March-2025                     |
| 19  | NSC 19 | MS IEC 62031:2011                          | Led modules for general lighting - Safety specifications (IEC 62031:2008, IDT)                                                                                                                      | 11-March-2025                     |
| 20  | NSC 19 | MS IEC 62560:2012                          | Self-ballasted led-lamps for general lighting services by voltage > 50 V - Safety specifications (IEC 62560:2011, IDT)                                                                              | 11-March-2025                     |
| 21  | NSC 01 | MS 2679:2017 (BM)                          | Amalan pertanian baik (APB) - Pemeliharaan lebah (Tribus Apini) dan Kelulut (Tribus Meliponini) (Confirmed 2025)                                                                                    | 11-April-2025                     |
| 22  | NSC 22 | MS 2629:2018                               | Palm Plywood - Specification                                                                                                                                                                        | 18-April-2025                     |
| 23  | NSC 19 | MS IEC 60335-2-74:2010                     | Household and similar electrical appliances - Safety - Part 2-74: Particular requirements for portable immersion heaters (Second revision) (IEC 60335-2-74:2006, IDT)                               | 01-May-2025                       |
| 24  | NSC 19 | MS IEC 60335-2-85:2014                     | Household and similar electrical appliances - Safety - Part 2-85: Particular requirements for fabric steamers (First revision) (IEC 60335-2-85:2008, IDT)                                           | 01-May-2025                       |
| 25  | NSC 19 | MS IEC 60335-2-73:2014                     | Household and similar electrical appliances - Safety - Part 2-73: Particular requirements for fixed immersion heaters (Second revision) (IEC 60335-2-73: 2009, IDT)                                 | 01-May-2025                       |

| No. | NSC    | MS Number                              | MS Title                                                                                                                                                                                                     | NSC approval date of confirmation |
|-----|--------|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|
| 26  | NSC 19 | MS IEC 60335-2-23:2017                 | Household and similar electrical appliances - Safety - Part 2-23: Particular requirements for appliances for skin or hair care (Third revision) (IEC 60335-2-23:2012, IDT)                                   | 01-May-2025                       |
| 27  | NSC 19 | MS IEC 60335-2-27:2017                 | Household and similar electrical appliances - Safety - Part 2-27: Particular requirements for appliances for skin exposure to ultraviolet and infrared radiation (First revision) (IEC 60335-2-27:2012, IDT) | 01-May-2025                       |
| 28  | NSC 19 | MS IEC 60335-2-45:2003                 | Household and similar electrical appliances - Safety - Part 2-45: Particular requirements for portable heating tools and similar appliances (First revision) (IEC 60335-2-45:2002, IDT)                      | 01-May-2025                       |
| 29  | NSC 14 | MS 2640:2020                           | Rubber, vulcanised rubber - Determination of free sulphur content                                                                                                                                            | 13-May-2025                       |
| 30  | NSC 14 | MS ISO 18899:2016                      | Rubber - Guide to the calibration of test equipment (ISO18899:2013, IDT)                                                                                                                                     | 13-May-2025                       |
| 31  | NSC 14 | MS ISO 247-2:2020                      | Rubber - Determination of ash - Part 2: Thermogravimetric analysis (TGA) (ISO 247-2:2018, IDT)                                                                                                               | 13-May-2025                       |
| 32  | NSC 14 | MS ISO 4662:2019                       | Rubber, vulcanized or thermoplastic - Determination of rebound resilience (Second revision) (ISO 4662:2017, IDT)                                                                                             | 13-May-2025                       |
| 33  | NSC 14 | MS ISO 4666-1:2012<br>(Confirmed:2020) | Rubber, vulcanized - Determination of temperature rise and resistance to fatigue In flexometer testing - Part 1: Basic principles (ISO 4666-1:2010, IDT)                                                     | 13-May-2025                       |
| 34  | NSC 02 | MS 1103:1988                           | Method of determination of water using Karl Fischer Reagent (Confirmed 2025)                                                                                                                                 | 01-June-2025                      |
| 35  | NSC 02 | MS 1116:2001                           | Specification for sodium chloride for industrial use (First revision) (Confirmed 2025)                                                                                                                       | 01-June-2025                      |
| 36  | NSC 02 | MS 165:2014                            | Industrial acids - Sampling and test methods (First revision) (Confirmed 2025)                                                                                                                               | 01-June-2025                      |
