ACB CIRCULAR 2/2019

**TRANSITION FROM MS 1480:2007 TO MS 1480:2019 FOOD SAFETY
ACCORDING TO HAZARD ANALYSIS AND CRITICAL CONTROL POINT
(HACCP) SYSTEM**

1. Introduction and scope

The second revision of MS 1480:2019 Food Safety According to Hazard Analysis and Critical Control Point (HACCP) System was published on 3rd January 2019. This standard cancel and replaces MS 1480:2007.

Based on discussions with the Food Safety and Quality Division, Ministry of Health Malaysia, we have come to an agreement for a one (1) year transition period from the 1st September 2019. As such, Standards Malaysia will require all of its accredited certification bodies under this related management system accreditation programme to ensure their accredited certified clients have transitioned to the new standard by **1st September 2020**.

2. Objective

This circular is aimed to inform the related Standards Malaysia accredited certification bodies on the transition processes of certification bodies accredited certified clients that will be implemented by Standards Malaysia within the transition dateline, i.e. by or before **1st September 2020**.

3. Standards Malaysia requirements for the transition to MS 1480:2019

3.1 Accredited Certification Bodies

- i. Certification bodies (CBs) shall review the new standard, conduct a gap analysis, train their personnel and review related criteria for qualification of related personnel to incorporate the changes into their management system. Certification bodies are required to document and submit to Standards Malaysia prior to the transition assessment the following:
 1. Communication by the CB to its certified clients on the transition plan to the new standard,

2. Training to auditors and other related personnel on the revised standard, and
 3. Arrangement by the CB to transfer certified clients to the revised standard.
- ii. Standards Malaysia shall assess all related accredited certification bodies effectiveness of managing the transition to the new standard as part of the annual office assessment beginning **1st September 2020**.
 - iii. Findings to the new MS 1480:2019 may be raised as a non-conformance or observation depending on the nature of the subject matter. Corrective actions for the findings shall be closed out and verified (where applicable) before recommendation for accredited certification to MS 1480:2019 is granted.
 - iv. If the certification body intends to issue accredited certification to MS 1480:2019, the CB shall demonstrate competence to audit based on MS 1480:2019 by allowing Standards Malaysia to conduct as least one (1) witness assessment to MS 1480:2019 as well as submit the documentation as mentioned in 3.1.i.

3.2 New Application:

- i. All new applications received after **3rd January 2019** shall apply for accreditation to HACCP based on MS 1480:2019.
- ii. For existing applicants, witness assessments arranged after **3rd January 2020** shall be based on MS 1480:2019.

4. Validity of MS 1480:2007

By 1st September 2020, any existing accredited certificates issued based on MS 1480:2007 will no longer be valid and shall be withdrawn.
